I can't believe the state would want any more casinos . The two here are enough. This sounds like a pipe dream of the state to pay the Billions we owe ?? HOW ABOUT STOP SPENDING !! More and more are leaving this state it's just too expensive. Here's a crazy thought lower taxes & help small business owners, not DRIVE us OUT ! oh wait let's also put up Tolls !! we also need to by our booze till 10PM for some reason. The more I see what is going I want to leave!!

Thanks, Mike Masi
